

Curtin University – Department of Computing

Assignment Cover Sheet / Declaration of Originality

Complete this form if/as directed by your unit coordinator, lecturer or the assignment specification.

Last name:	Fonseka	Student ID:	20546898
Other name(s):	Gampalawadugue Anton Shirantha		
Unit name:	Capstone Computing Project 1	Unit ID:	ISAD3000
Lecturer / unit coordinator:	Dr. Hanners Herman	Tutor:	Ms.Geethanjali Wimalaratne.
Date of submission:	23/03/2023	Which assignment?	Individual <small>(Leave blank if the unit has only one assignment.)</small>

I declare that:

- The above information is complete and accurate.
- The work I am submitting is *entirely my own*, except where clearly indicated otherwise and correctly referenced.
- I have taken (and will continue to take) all reasonable steps to ensure my work is *not accessible* to any other students who may gain unfair advantage from it.
- I have *not previously submitted* this work for any other unit, whether at Curtin University or elsewhere, or for prior attempts at this unit, except where clearly indicated otherwise.

I understand that:

- Plagiarism and collusion are dishonest, and unfair to all other students.
- Detection of plagiarism and collusion may be done manually or by using tools (such as Turnitin).
- If I plagiarise or collude, I risk failing the unit with a grade of ANN ("Result Annulled due to Academic Misconduct"), which will remain permanently on my academic record. I also risk termination from my course and other penalties.
- Even with correct referencing, my submission will only be marked according to what I have done myself, specifically for this assessment. I cannot re-use the work of others, or my own previously submitted work, in order to fulfil the assessment requirements.
- It is my responsibility to ensure that my submission is complete, correct and not corrupted.

Signature: Anton shirantha Date of signature: 23/03//2021

(By submitting this form, you indicate that you agree with all the above text.)

Part-2 STATUS

Our group project is required to build a software to a company named Health Equation which is currently known as a health institute in Sri Lanka. According to our project, we have divide our project work load into five different topics and each member of our group is responsible for a one particular topic in the project. According to this, I am responsible for online channelling phase in the project. I have engage ten hours of work for my project as an individual member and as a group we also done work for fulfil our task.

Part-3 CONTRIBUTION HIGHLIGHT

According to our project, my role is based on online Channelling. I have studied my main requirements for my topic and discuss with my friend. Further, I also involve in developing charter document and also to develop the SRS document with my group members. I have drawn software engineering drawings such as activity diagrams and wireframes to my topic and engage in participate to write and discuss our requirements with our external and internal clients as well. Further, I involve in making in group report.

- Document Conventions(1.2)
- User classes and characteristic(2.3)
- Online channelling management(3.4)
- User Interfaces(Online channelling)-4.1
- Activity diagrams for online channelling(Appendix B)
- Use case diagram for online channelling part(Appendix B)

Part-4 ADDITIONAL WORK

As a group member I have contributed in many ways and I have help my group members in different situations. In first week (March 8-March 14) I have discuss all our requirements with group members as well as our external and internal clients. As a team, we developed a charter document and I gave my contribution for charter document. I have participate in several group discussions to analysis our requirements. Further, I also studied about online channelling from various sites.
